

# Queen Victoria

Iain Gilmour

## Verse 1

We are here to celebrate our longest reigning queen,  
Sixty-four years (give or take) to grandmother from teen.  
Fell in love with Albert so much she proposed to him,  
Had nine children, gave her grand kids: forty-two of them!  
All around the world her name was known,  
Britain's empire powered by her throne!

## Chorus

Queen Victoria, a remarkable queen,  
Greatest monarch that history's ever seen.  
Queen Victoria, ev'ryone knew your name,  
After you ruled nothing stayed the same,  
Queen Victoria!

## Verse 2

First queen with a telephone and first queen on a stamp,  
First queen to illuminate with new electric lamp.  
She survived assassinations: seven people tried,  
She remained in mourning forty years when Albert died.  
Dressed in black she hid from public gaze,  
Heartbroken for her remaining days.

## Chorus

Queen Victoria, a remarkable queen,  
Greatest monarch that history's ever seen.  
Queen Victoria, ev'ryone knew your name,  
After you ruled nothing stayed the same,  
Queen Victoria!

Queen Victoria, a remarkable queen,  
Greatest monarch that history's ever seen.  
Queen Victoria, ev'ryone knew your name,  
After you ruled nothing stayed the same,  
Queen Victoria!
