

Road Safety

Iain Gilmour

Verse 1

Here's a message, really is important,
Listen up, might even save your life.
Talk about a source of danger ev'rybody knows,
But very few know how to treat it right.
There outside your house it lies in waiting,
Heavy traffic moving all day long.
Better keep an eye out for it or it will bring you down,
Better keep an ear out for this song.

Chorus

When you cross the road remember look left and look right,
If it's dark when you go out then put on something bright.
Always have a hi-viz and a helmet for your bike,
Road safety's important, get it right.

Verse 2

Cars are big and cars are made of metal,
You are just a bunch of bones and skin.
If there is a jousting contest between the two of you,
Obvious the car is gonna win!

Chorus

When you cross the road remember look left and look right,
If it's dark when you go out then put on something bright.
Always have a hi-viz and a helmet for your bike,
Road safety's important, get it,
When you cross the road remember look left and look right,
If it's dark when you go out then put on something bright.
Always have a hi-viz and a helmet for your bike,
Road safety's important, get it right.
