

The Doctor Song

Iain Gilmour

Verse 1

I take your temperature, with my thermometer,
I take your blood pressure, with my cuff.
I look inside your ear, to check the channel's clear,
And there's not too much wax around the drum.

Chorus

We're almost done,
Stick out your tongue,
And repeat after me:
Argh, argh, argh, argh.
Argh, argh, argh, argh.

Verse 2

I'll listen to your chest, a stethoscope is best,
And make sure both your lungs, are mighty clear.
I'll check your pulse is strong, so that your heart's not wrong,
No need for CPR around here.

Chorus

We're almost done,
Stick out your tongue,
And repeat after me:
Argh, argh, argh, argh.
Argh, argh, argh, argh.
Argh, argh, argh, argh.
Argh, argh, argh, argh.

N.B. CPR stands for cardiopulmonary resuscitation
