

# Three Little Pigs

Joy Golledge

Number one little piggy came over the hill,  
Yeah, yeah, he's building his house.  
Number one little piggy came over the hill,  
Yeah, yeah, he's building his house.

Number two little piggy came over the hill,  
Yeah, yeah, he's building his house.  
Number two little piggy came over the hill,  
Yeah, yeah, he's building his house.

Number three little piggy came over the hill,  
Yeah, yeah, he's building his house.  
Number three little piggy came over the hill,  
Yeah, yeah, he's building his house.

Now the wolf said "I don't like those pigs.  
They would make a tasty meal!  
If I huff and puff their houses down,  
I could make those piggies squeal!"

Down came the straw house  
(spoken) Huff and puff and  
Down came the stick house  
(spoken) Huff and puff  
But the strong little brick house stood quite still,  
And the wolf just ran away.
