

Through The Black Hole

Stu Brewer

Verse 1

I always wonder what's out there,
In the big black hole,
Travelling through the vastness of space,
Will I ever get home?
Floating by the spaceship,
Gravity pulls me in,
To the great big black hole,
Where does it end or begin?

Chorus

Floating through the black hole,
Flying through the black hole,
Drifting through the black hole,
Will I make it through the black hole?

Verse 2

Lost in my spaceship,
A million miles from home,
I have no contact,
No-one told me where to go.
Drawn towards the rip in space,
My only chance from here,
No-one's ever escaped,
Will I disappear?

Chorus

Floating through the black hole,
Flying through the black hole,
Drifting through the black hole,
Will I make it through the black hole?

Bridge

I stare with wonder asking why?
My spaceship's gone but I will try, try!

Chorus

Floating through the black hole,
Flying through the black hole,
Drifting through the black hole,
Will I make it through the black hole?
