

# Walk To School

Iain Gilmour

## Introduction

We're here today,  
'Cause there's a better way,  
To travel to your school from door to door.  
It's simply put:  
Take your left and your right foot,  
Put them on the path and start to walk.

## Verse 1

'Cause fewer cars means less pollution,  
So we have cleaner air to breathe.  
You always want to sneeze,  
When bad air is what you breathe,  
So lighter traffic brings us all relief.

## Chorus

Just do your bit,  
And help yourself keep fit,  
Be an eco-warrior not a fool.  
Forget the car:  
The journey's not that far,  
Help the planet out and walk to school.

## Verse 2

Not only that it cuts down parking,  
Keeping the roads around school clear.  
Now everyone can cross,  
With no fear of getting squashed,  
No need for traffic wardens around here.

Just do your bit,

Be an eco-warrior not a fool.

Help the planet out and walk to school.  
Help the planet out and walk to school.  
Help the planet out and walk to school.
